

Full Name:- Paul Johnathan Selvey

Address:- Barcocks Barn, Garden House Lane, Drinkstone Green IP30 9FJ

I have attached the required declaration form.

In terms of the Person Specification I can offer the following, some of which may have been covered in my summary sent last week.

Relevant Knowledge and Qualifications.

I follow local and national affairs, albeit at present the weight of interest would appear to be at national level. I'm keen to anticipate how the commercial and residential developments along the A14 may impact the area as there is a direct connection with 4 important factors viz. Employment, Housing, Transport and the Environment.

I have the following qualifications. A levels (Maths Physics and Economics) 1979/80, Degree, B.Eng. (Hons) Liverpool University Electronic Engineering 1983, and I am a Chartered Engineer, Member of the Institution of Engineering and Technology, 2002.

Experience and skills.

I do not have any Parish Council experience. In the past I have assisted with village sports clubs such as Football and Karate albeit in a modest capacity.

My current business role is that of Engineering and Software Manager, and from my profession I have experience of managing teams, projects and budgets.

I have delivered presentations to customers and prospective customers, and occasionally contributed to press and media releases. I believe I have good oral and written communications skills.

I have staff management and HR experience; being involved in recruitment, redundancy and disciplinary processes as well as supporting staff through personal matters.

My employer is engaged in commercial contracting and as such I have some exposure to contractual matters.

I am keen to attend meetings and represent the village and villagers.
