

Drinkstone Parish Council

Tree Warden's Report

Report to the Ordinary Meeting Dated 7th Dec 2020

Agenda Item; Councillor Portfolios

1. Tree Offer 2020

I am pleased to report that I have delivered around 1,000 hedging plants and 300 trees to 8 landowners in Drinkstone. This has been a great start to The Tree Council's National Tree Week 2020, and shows we are doing our bit in Drinkstone to combat tree disease and help meet national carbon sequestration targets.

Thank you to Edwin van Ek of The Woodland Trust and Gary Battell of Suffolk County Council for all their hard work and support for Drinkstone and right across Suffolk.

2. Parish Lands Tree Survey

I have completed and submitted to the Parish Council my survey of trees on land owned by the Parish Council. This will assist the Parish Council managing its the tree stock and budgeting for necessary expenditure.

Peter Holborn

Parish Tree Warden
