

Drinkstone Parish Council

Playing Field/Defibrillator/Phone Box

Report to the Ordinary Meeting Dated Tuesday 2nd. August,2021

Agenda Item; Councillor Portfolios

During the last month I have visited the Playing field and happily have found no evidence of dog fouling and minimal activity by moles. The new equipment is still getting plenty of use and the older equipment is still in a serviceable condition, and I will refit the swing now that the Covid situation has eased.

There is evidence that 2 squares of the rubber matting beneath the zip wire has been damaged by the lawn mower and will need to be replaced.

The Defibrillator has now been registered on The Circuit, the nationwide database for Defibrillators, to which the Emergency services has access to. This ensures anyone in the area who needs one can be directed quickly to the nearest one in their area. Monthly checks are logged on The Circuit, enabling the status of our machine to be seen by anyone who may require it.

The phone box is getting plenty of use as a seed exchange, also with free Parish magazines!
