Good Moring Michael

Hope all is well with you

Yes, of course, we would be very happy to produce a site for you

I would estimate the cost to be £2500 - £3000 plus VAT

If this is of interest I would be very happy to put a proposal together

Look forward to hearing from you

Kind Regards

Subject: new website

Phil,

As well as innov8 I am clerk at Drinkstone Village

We need a new website – see current one [Drinkstone Parish Council – Working for the village \(drinkstonevillage.co.uk\)](http://drinkstonevillage.co.uk)

I believe the platform is wordpress – is this one that you build with?

The sort of site that I want can be seen here: www.longridge-tc.gov.uk

I manage data on the website by using filezilla

Would you be interested in quoting?

Michael Walton
Clerk & RFO
Drinkstone Parish Council
