Planting Location(s)	Using What Three Words ( <a href="http://www.what3words.com">www.what3words.com</a> ) write down the three-word location that identifies your planting sites.  huts.slang.living
<p>Drinkstone Parish Council owns a piece of land known as the Cricket. The Cricket houses a football pitch and a children's playground. The land has fences and hedges to three sides but one end is exposed to a road - Cross Street.</p> <p>The Council would like to enclose the area with a hedgerow to offer more security for the children in the play area and to genetally improve the site.</p> <p>The hedgerow would be circa 75 metres long with perhaps a gate to allow grounds maintenance access.</p> <p>Planting of a hedgerow would also stop cars and traffic parking on the play area</p>
